#### WHAT IT DOES

- ~ Reduces airborne and surface contaminants
- ~ Removes odors & freshens air
- ~ Removes smoke, dirt, & dust from the air
- ~ Oxidizes and ionizes the air using UVC light
- ~ Provides ozone-free air & surface sanitization

**Reducing:  
Viruses\*, Bacteria,  
Odors, Toxins,  
Dust, Smoke,  
Fungi, Mold, VOCs  
& more!**

**Make Your Home  
a Safe-Zone**

**The AIR & SURFACE Pro uses ActivePure® technology developed with NASA for the space programs. This new unit also incorporates HEPA & Activated Carbon filters.**

**\*The results from an FDA-compliant, independent third-party lab proved that the Aerus Model F203C with ActivePure Technology kills 99.98% of SARS-CoV-2 (the virus that causes COVID-19) on surfaces after 7 hours. The same ActivePure Technology in the Model F203C is available in the Air & Surface Pro.**
